CARE RECOMMENDATIONS

All Nikken products exemplify top quality in their construction. To keep them in top condition, be sure to care for them properly. You need to understand which products require gentle hand washing, which are better candidates for dry-cleaning and which can be safely machine washed.

The following guidelines will help you care for some of your favourite Nikken products.

Ultra KenkoPad

- Use a soft cloth, lightly moistened with water and mild detergent. Do not wash or treat with any cleaning agent.
- Do not dry clean as this may result in shrinkage. May be spot cleaned.
- Do not place in direct sunlight; however, you can air them outdoors in a shady area.

Kenko Dream Pillow

- Remove the coloured, outer cover. Use a soft cloth moistened with water and a mild detergent to clean the soiled area.
- This cover may be professionally dry cleaned. Some shrinkage is possible after dry cleaning.
- Do not machine wash.

Kenko Dream Comforter

- Professionally dry clean. Under no circumstances should you vacuum, beat, wash or attempt your own dry cleaning.

Kenko Travel Comforter

- May be washed in cold water. Do not bleach. Hang to air dry.

Kenko Sleep Mask & Elastomag Products

- Hand wash in warm water. (If necessary, use Nikken's Elastomag Cleaner #9459). Air dry only.
- Avoid extended exposure to heat and sunlight.

Kenko Flex, Super Mini & Magboy

- Wipe gently with soft, dry cloth.

Kenko PetPad

- Remove pad cover, and use the gentle cycle with warm water and tumble dry with low heat.

KenkoSeat

- Remove seat cover and professionally dry clean.
- When spot cleaning, do not over-saturate. Air dry at room temperature or away from direct sunlight and excessive heat outdoors.

Magsteps

- Surface clean with a damp cloth moistened with a mild detergent or hand wash in warm water.
- Air dry.

Magstrides & Kidstrides

- Hand wash in warm water with a mild detergent.
- Air dry.

KenkoTherm Back Belt

- Hand wash in cold water with like colours. Do not bleach.
- Drip-dry at room temperature. Any attempt to wring can stretch them out of shape and damage construction.
- Do not iron. Avoid direct exposure to sunlight and heat.

Bracelets & Necklaces

- Wipe gently with a soft, damp cloth. If necessary, cloth may be dampened with mild detergent.
- Do not immerse in water. If the product gets wet, dry with a soft cloth.
- Avoid contact with any solution containing acid, alcohol or solvents, such as perfume, hair spray, nail polish, etc.
- If skin irritation results from wearing this product, discontinue use.
- Do not subject this product to force by pulling on it.

PiMag Water Products

- Please refer to Product Information Guide included with every PiMagWater product.

PiMag Optimizer II

- Hand wash with mild detergent
- Air dry

Air Wellness Power5 Pro

- For best results the filters should be replaced at least once every 6 months

Biaxial Body Energizer

- Wipe gently with a damp, soft cloth.
- May be wiped with a mild disinfectant solution.
- Do not immerse in water or subject it to steam.
- Do not use chemical solvents.
